

Journey-Tips

As we have to expect border controls at the journey, here you find some tips to the journey – here is a selection, that you can expand with your own creative ideas:

- most important: we have the right to assemble! There is a registered demonstration on Saturday and it's our right as European citizens to assemble in Strasbourg (European right to freedom of assembly, freedom of speech, freedom to move)
- Discuss before, how you want to behave in case of a border control
- Stay always calm and friendly
- Travel as early as possible – help to construct the village
- At the big border crossing points there have to be expected longer waiting times
- Driving on country roads is scenically nicer than on motorways
- Woman at the wheel is welcome
- A French license plate is certainly advantageous
- Pack your car practical and open
- Share cars (maybe also more than one car on the same time)
- Do you have French friends you maybe want to visit?
- If you are detained longer than legally intended max. 30 minutes at a control (in France), call the Legal Team
- If the entry or departure is refused, accelerated proceedings may make sense to get through an entry (here you should call the Legal Team as well)
- **... and certainly you have more creative ideas**
